## Data collection form

Dear Participant,

We would like to request your consent to participate in the **INGENIUM Summer School**.

As part of the programme, we will collect certain personal data from you. This form outlines the data that we will collect and how we will use it.

### Data Collection:

- Your name, gender, nationality and contact information
- Your educational and professional background
- Your responses to survey questions and feedback on programme materials
- Your academic/professional performance during the programme

### Data Use:

- Your name and contact information will be used for program communication and administrative purposes.
- Your educational and professional background will be used to assess your eligibility for the programme and to tailor the programme to the needs of the participants.
- Your responses to survey questions and feedback on programme materials will be used to evaluate the effectiveness of the programme and to improve it for future participants.
- Your academic performance during the programme will be used to evaluate your progress and to provide feedback to you.

### Data Security:

We will ensure that your personal data is kept confidential and secure. Your data will be stored for a duration of 5 years on a password-protected computer, and access will be limited to the research team members only. We will not share your personal data with any third party without your explicit consent, except as required by law.

### Consent:

By signing this consent form, you agree to participate in the INGENIUM project and to allow us to collect and use your personal data as described above. You understand that withdrawal of consent will affect the successful completion of the project.

# INGENIUM Summer School

## Informed consent form

### Description and Purpose of the Program:

The training program mentioned above is designed to provide participants with a comprehensive learning experience that combines courses at designated locations. The purpose of this program is to enhance participants' knowledge, skills, and abilities through a combination of theoretical concepts, practical exercises and workshops.

### On-site Courses and Travel:

Participants will be required to travel to these designated locations for the duration of the on-site training. Travel expenses, including airplane tickets and hotel (twin rooms) will be arranged and covered by the INGENIUM project, unless otherwise specified.

While every effort will be made to ensure the safety and well-being of all participants, it is important to acknowledge that there are inherent risks associated with travel and physical training. These risks may include, but are not limited to, accidents, injuries, illness, loss or damage of personal belongings, and unforeseen events beyond the control of the training program organizers. Participants are responsible for their own health and safety throughout the training program, and it is advised to obtain appropriate travel insurance coverage.

### Voluntary Participation and Withdrawal:

Participation in this training program is voluntary. Any withdrawal from the program could have consequences on the project results. Your active participation not only contributes to your personal development but also helps us assess and refine the program for future participants. While we understand unforeseen circumstances may arise, we encourage you to consider the effort invested in planning and organizing the Summer School.

Your commitment throughout the program will ensure its success and benefit all participants. Therefore, it is advised to provide prior notice to the training program organizers if a participant decides to withdraw, especially regarding travel arrangements and accommodation bookings.

*I have read and understood the information provided above, and I freely give my informed consent to participate in the training program with courses involving travel.*
